MEMORANDUM

SUBJECT: Lower Silver Creek (OU2)

FROM: Kathryn Hernandez, EPA RPM

TO: Bill Rees, UTDEQ

The Lower Silver Creek Site was updated on CERCLIS in July 2008. The Lower Silver Creek site will be addressed as a separate OU under the Richardson Flat's Site ID SSID# 94. The CERCLIS data identified only pre-CERCLIS activity at the Lower Silver Creek Site SSID#08PL. Therefore SSID#08PL was archived and any future work will be addressed through the Remedial Program under the Richardson Flat's OU for Lower Silver Creek. The Lower Silver Creek Site (OU2) is not currently on the NPL, and there are no plans to propose the Site for the NPL.

The Lower Silver Creek Site description includes;

The Lower Silver Creek Site is situated east of Highway 40, bounded by Highway 248 on its southern end and Interstate 80 to the north. It is located in Township 1 South Range 4 East, in Sections 10, 11, 15, 14, 22, 23, 27, 26, and 35, with approximately 500 feet occurring in Section 2 of Township 2 South Range 4 East. The LSC Site ranges in width from 2,100 feet at the southern boundary to 3,800 feet near Pivotal Promontory Road, encompassing approximately three square miles or 1,875 acres.
